Welcome to Kahului, Maui

Maui is formed by two giant shield volcanoes which gives rise to its nickname, "*The Valley Isle*". Haleakala, the 10,023-foot tall volcano, whose name translates "house of the sun", is the largest dormant volcano in the world. Not yet extinct, the volcano is predicted to erupt sometime in the next 200 years. Its last eruption was in 1790.

Our next port of call is the island of Kauai:

Nawiliwili, Kauai

Kauai is known as the most beautiful and ancient of the Hawaiian Islands. It took rain and wind six million years to sculpt the stunning cliffs to give this island a fertile soil that produced its lush tropical vegetation. Dubbed as the "*Garden Island*", it is here that Captain Cook first set foot in the archipelago while sailing from Tahiti towards North America.

On top of the Napali coast is the Koke'e State Park, which is famous for the different shades of red and brown rock formations that has produced the "*Grand Canyon of the Pacific*". This beautiful arid landscape can be seen on our "*Journey to Waimea Canyon*" or for those who are a little more adventurous you can view this pinnacle on the "*Mountain Safari Adventure*". If you want a magnificent experience while visiting Kauai, the "*Mokihana Helicopter Tour*" will enable you to see the natural beauty of the island with its blue waters, green tropics and red volcanic rock formations from the air.

For more information on the Shore Excursions we have to offer, see your Shore Excursion and Dive-In, located in the Atrium, deck 7.

HAWAII STATE EXCISE TAX IS APPLICABLE TO ALL SALES

4.166% WILL BE ADDED TO ALL PURCHASES WITHIN THE 3 MILE ZONE OF ANY HAWAIIAN SHORELINE.

ALOHA KAKAHIKA (GOOD MORNING)
